Convocation

Spring 2022

O CANADA

*O Canada! Our home and native land!
True patriot love in all of us command.
Car ton bras sait porter l'épée,
Il sait porter la croix!
Ton histoire est une épopée
Des plus brillants exploits.
God keep our land glorious and free!
O Canada, we stand on guard for thee.
O Canada, we stand on guard for thee.*

Convocation

is a joyous yet solemn event, bound by traditions which have evolved over centuries. It is a continuum with a formal beginning and end. By being present here today, you have indicated your interest in being part of this academic tradition. Graduating students and their guests are therefore expected to remain in their seats until this formal ceremony has been completed in its entirety – the Chancellor of the University has officially closed Convocation and the stage party and graduates have recessed.

*Message from the **President***

To our graduates: Congratulations! We are delighted to welcome both our Winter and Spring graduates to celebrate together.

The entire university community – myself included – has been inspired by the resilience, leadership, and compassion shown by today’s graduates in the face of the challenges of the past months.

Your experience at Saint Mary’s has prepared you well for this moment. You have met people from all over the world, broadening your perspectives and intercultural understanding. Your professors have helped you study the past to change the future and solve problems using innovation and creativity. You have grown, personally and intellectually, and developed the skills to help you succeed, no matter what path you choose to pursue. You have explored the complexities of a World without Limits – and engaged in the opportunities and possibilities to overcome limits, whether they are social, cultural, economic, environmental, scientific, technical or driven by the business or political structures around us.

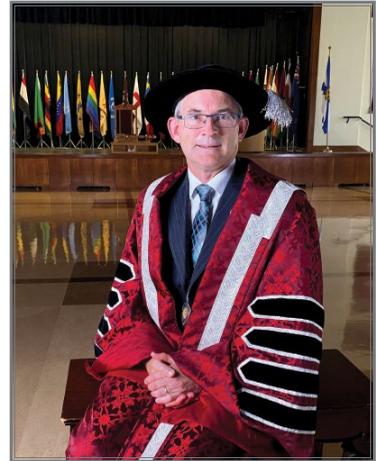

This convocation program will be a reminder for years to come that the Classes of January and May 2022 did not stumble in the face of adversity but instead stepped forward with courage and determination.

As you begin this new chapter in your lives, with lessons learned and eyes to the future, please know that you are, and always will be, a part of the Santamarian community. Together, we will continue to build a World without Limits!

Congratulations on your achievements! Age quod agis.

THE CEREMONIAL MACE

The ceremonial mace, carried by the Marshal of Convocation, was presented to Saint Mary's University in 1980. It symbolizes the University's authority to grant degrees and is a gift from Maritime Command in honour of alumni killed in both world wars. The mace also recognizes serving members of the Canadian Armed Forces who have been students at Saint Mary's.

The mace is made of oak with a cast brass crown and brass plates carrying traditional ceremonial engravings; the plates represent the contributions to Saint Mary's by the Jesuit Fathers, the Christian Brothers of Ireland, the Roman Catholic Archdiocese of Halifax-Yarmouth, the La-Salle Christian Brothers, the Lay Teachers, and the Armed Forces.

UNIVERSITY MOTTO

AGE QUOD AGIS

means to 'do what you do.' This phrase exhorts us to focus on our work, to be in the moment, and devote our fullest attention to the task at hand. It is a call for dedication, a focus on duty and perseverance, a statement of process. It is a proclamation of the importance of disciplining ourselves to our studies, to our scientific, artistic, cultural, commercial, and athletic pursuits. It is a call to action to act in the world, to shoulder responsibility, to champion social justice, environmental justice, and ethical values.

Flags on the Stage

The flags which you see displayed on the stage for Convocation are from the countries representing our graduating students. The globalization of the Saint Mary's University community is a feature of justifiable pride which contributes markedly to the growth and understanding of both Canadian and non-Canadian students.

Included in the University's permanent collection of flags is one from the International Year of the Disabled signifying the University's commitment to people with disabilities. The Mi'kmaq flag is an important part of this collection in recognition of their First Nation's Status. The University's Bicentennial flag was made a part of our permanent collection in 2002.

The Hooding Ceremony

Graduates and members of the academic procession are attired in the basic elements of formal academic dress, which follow general guidelines established at England's Oxford and Cambridge Universities. It consists of the academic robe, hood, and mortar board (at Saint Mary's, the latter is limited to Master's graduates). The academic hood symbolizes the degree into which each graduate has been admitted, its outer edge trimmed with a color to indicate a particular Faculty and degree: white symbolizes Arts; gold, Science; grey, Commerce, and green for Environmental Studies. Bachelor – level hoods are lined with satin in the colours of the institution granting the degree. Hence at Saint Mary's, they are maroon satin with a white chevron. The Master's hood is lined with maroon satin only, giving it added distinction.

Degrees and Diplomas

Awarded with Distinctions

At Saint Mary's University in the general undergraduate degree and diploma programs, academic distinctions are awarded to successful candidates on the basis of the following cumulative grade point averages of all courses taken at Saint Mary's University. There are no distinctions awarded in graduate and certificate programs.

BA, BES, BComm, & BSc	Grade Point Av.	Diploma in Engineering
summa cum laude	4.00 - 4.30	with greatest distinction
magna cum laude	3.85 - 3.99	with great distinction
cum laude	3.70 - 3.84	with distinction

The President's Hall of Academic Excellence, located in the main hallway of the McNally Building, directly outside the President's Office, displays the names of all students who earned one of these distinctions. The Hall also includes the names of students who won academic medals at graduation.

The Father William A. Stewart, SJ Medal for Excellence in Teaching

The Geraldine Thomas Educational Leadership Award

Recipient: Benita Bunjun, PhD

**Associate Professor, Department of Social
Justice & Community Studies**

Dr. Benita Bunjun is an Associate Professor in the Department of Social Justice and Community Studies, and in the Women and Gender Studies program. She received her PhD in Interdisciplinary Studies at the University of British Columbia (UBC) on Coast Salish Territories and completed a postdoctoral fellowship at Simon Fraser University with the Centre for Gender, Social Inequities and Mental Health.

Recognized as an innovative educator by colleagues and students alike, Dr. Bunjun has excelled in community-based and collaborative teaching and curriculum development with community educators and SMU colleagues, particularly in the realm of Indigenous knowledges.

Through innovative teaching practices and an engaged, authentic commitment to improving post-secondary teaching, Dr. Bunjun's contributions extend beyond her department to other programs. She is recognized by her colleagues for her tireless work as a teaching mentor to established and new faculty, shaping and supporting their teaching practice and curriculum. She has developed curricula that promote alternative and diverse perspectives and has been instrumental in assisting to educate her colleagues in relation to her work in Equity, Diversity, and Inclusion (EDI). Through conference keynote presentations and workshops, she has also shaped the educational practices of academics beyond SMU.

Her research examines organizational and institutional power relations with a focus on colonial encounters within academic spaces. Her teaching areas include Social Power Relations; Community Organizing; Intersectionality; Theories, Methods, and Praxis; Forms of Servitude; Feminist Methodology; and Racialization and Social Control.

Dr. Bunjun is deeply committed to the academic well-being of Indigenous, Black and students of colour - who are often seen as "bodies out of place" - and to her responsibilities and responsiveness regarding the complexity of Indigenous-settler (of colour) relations. Her commitment to innovative educational leadership practices is exemplified in her leadership of the SMU-wide Racialized Student Academic Network (RSAN), a campus-based network which she created at the time of her arrival at Saint Mary's in 2016. In addition to her work with RSAN, Dr. Bunjun created the Critical Indigenous, Race, and Feminist Studies (CIRFS) Student Conference from which emerged an edited collection titled, *The Academic Well-Being of Racialized Students* (Fernwood Publishing, 2021). She also coordinates the Tenancy Rights of International Students (TRIS) Project and works with international students at various universities to promote their scholarship, rights, well-being, and self-advocacy.

Dr. Bunjun's educational leadership achievement was previously recognized with the 2020 Saint Mary's University Student Association Award for Overall Excellence in the Field of Education. As Dr. Bunjun's teaching philosophy aptly captures, "I am invested in envisioning programs, curricula, and resources which promote alternative and diverse perspectives and knowledge systems which have been predominantly been omitted, silenced, and excluded from academic spaces of learning."

About the Awards

Established in 1983 by the Saint Mary's University Alumni Association in cooperation with the Faculty Union and the Students' Representative Council, **The Father William A. Stewart, S.J. Medal for Excellence in Teaching** honours the legacy of Father Stewart by annually highlighting full-time faculty members who have made significant contributions to the education of Saint Mary's students through excellence in teaching and service.

Father William A. Stewart was a Professor of Philosophy and an Administrator at Saint Mary's from 1950-1982, working in the Faculty of Arts and holding various administrative positions during a time of major growth at the University. He continued to volunteer on committees until 1997. Father Stewart was one of the first professors at Saint Mary's to embrace inclusivity by welcoming women into his classroom, and helping young women become full-time students before the University introduced co-ed education evening classes in 1952. He was known for his strong beliefs in promoting accessible education to marginalized communities and was also very much involved in promoting teaching innovation and excellence on campus.

More information about the award and nomination process can be found at smu.ca/alumni/father-stewart-medal-excellence-in-teaching

The award was established in 2007 by the Senate Committee on Learning and Teaching (previously the Quality of Teaching Committee) with support from the Saint Mary's Faculty Union (SMUFU). This award is named for Dr. Geraldine Thomas, a 3M national teaching fellow (1993) and founding member of the Quality of Teaching Committee. Throughout her academic career, as a former professor of Classics, Dr. Thomas supported efforts to improve teaching and learning within the university, the Atlantic region, and nationally.

In 2021, her short story "Flour and Fire" won first place in a Reedsy challenge and she has recently had a poem shortlisted by the Writer's Federation of Nova Scotia.

Weam Ibrahim

Faculty of Arts

Weam was born in Libya and moved to Canada at the age of eight along with her parents and brother in order for her father to pursue his PhD. She graduates today *cum laude* with a Bachelor of Arts, Honours in English Literature and Minor in International Development Studies.

Weam has thoroughly enjoyed her time at Saint Mary's University and owes all of her great learning experiences to her amazing professors. She is grateful for the Halifax community, and especially the Halifax Muslim community, which is very special to her.

Weam is looking forward to pursuing a Masters in TESOL (Curriculum Studies) at MSVU in the fall. She also expresses her utmost gratitude to her parents, Dr. Abdulwahab Ibrahim and Entisar Ashareef for their support, her younger brothers, Ahmed, Nawfal, and Yezan. And to her relatives back home: the Ibrahim and Ashareef Families, for their support and encouragement.

Baden Mercer

Faculty of Arts

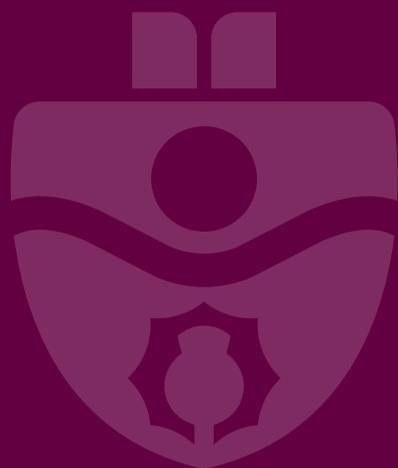

Baden was born in Dartmouth, Nova Scotia. He completed his high school studies at Prince Andrew High School in 2017, before entering his undergraduate studies at Saint Mary's. He completed a Bachelor of Arts *cum laude*, with a double major in Political Science and Religious Studies.

During his time at Saint Mary's, he has been a passionate advocate for students with disabilities, being an autistic person himself. In 2020, he was involved in a panel discussion with the Fred Smithers Centre for Students with Disabilities about accessibility on campus. Baden's valedictory speech acknowledges the importance of building a world without limits, as well as becoming positive actors for global change, no matter which path his fellow graduates may take in the future.

Baden thanks his parents, Beverly and Dwayne, for their support throughout his undergraduate degree, as well as Dr. Marguerite Abdul-Masih for inspiring him to pursue a major in Religious Studies.

Alumni

The Saint Mary's Alumni Association

will welcome more than 1000 students into its global family this Spring. Each graduate will receive an alumni pin from the Saint Mary's University Alumni Association, a tradition dating back more than 30 years. Graduates are encouraged to wear their pins with pride.

Alumni are ambassadors and champions for the university within their community and around the world. We share pride in your success. As part of a powerful network of more than 53,000 alumni worldwide, your impact is felt in your community and beyond. Philanthropic investments from our alumni, whether it be your time, talent or treasure, will pave the way for the next generation of Santamarians to succeed.

Stay connected through events, webinars, and services. Connect with us online at smu.ca/alumni, on social media @SMUAlumniHFX or email alumni@smu.ca for more information.

About Saint Mary's University

Saint Mary's University is one of Canada's top primarily undergraduate universities known for international collaborations, leadership in entrepreneurship, and research that benefits local and global communities. Programs in Arts, Science, Graduate Studies and the Sobey School of Business are among Canada's best and feature professors who are committed to the success of their students.

Saint Mary's provides 6,600 students with a place that fosters possibility, excellent research opportunities, and distinguished graduate and professional programs combined with a caring community. Saint Mary's is community-focused with strong values, operating the way the world should. We embrace diversity, are committed to sustainability, and bravely tackle the issues that matter to society.

Graduates of Saint Mary's – who hail from more than 100 countries – share a special pride. Known as Santamarians, 53,000 alumni are contributing to communities and economies around the globe. Nestled in the heart of Halifax, Nova Scotia, on Canada's east coast, Saint Mary's University is marked by iconic buildings, green spaces and fresh ocean air.

Saint Mary's University is committed to a prosperous future for the world—a World without limits. So, too, are our graduates.
